Commissioner for Patents  
**ATTN: OFFICE OF PETITIONS**  
Washington, D.C. 20231

Sir:

Pursuant to conversations with the Petitions Office at the United States Patent and Trademark Office, Applicants are filing the present Petition Under 37 C.F.R. §1.182 And Accompanying Request For Continuation-In-Part Application. Applicants filed a national stage application that contains the disclosure from international application PCT/JP01/03288 as well as additional matter. In order to correct this inadvertent error and maintain a priority date of October 17, 2002 for the additional matter, the Petitions Office instructed Applicants to file a Petition Under 37 C.F.R. §1.182 And Accompanying Request For Continuation-In-Part Application.

On October 17, 2002 Applicants filed the above-captioned U.S. National Stage Application, assigned U.S. Serial No. 10/257,864. The application contains the disclosure of international application PCT/JP01/03288 as well as additional matter. The additional matter is SEQ ID NOS. 73-84, which appear on pages 51-57 of the Sequence Listing filed with the application filing papers filed on October 17, 2002. In order to correct Applicants' inadvertent error of filing a national stage application that contains the disclosure from

international application PCT/JP01/03288 as well as additional matter, Applicants submit the following:

1. A Preliminary Amendment in pending U.S. Serial No. 10/257,864 which deletes the additional matter from the specification and replaces the Sequence Listing filed on October 17, 2002 with the Sequence Listing filed herewith; and

2. A Request for Continuation-In-Part Application and necessary documents for filing a continuation-in-part application containing the specification of international application PCT/JP01/03288 as well as additional matter, which should receive a filing date of October 17, 2002 pursuant to the discussions with the Patent and Trademark Office.

### CONCLUSION

If the Examiner has any questions concerning this application, he or she is requested to contact the undersigned.

Respectfully submitted,

Date January 24, 2003
